

M/Y TRIPLE SEVEN

**Motor Yacht Triple Seven
Lauban Bajo - Indonesia
1st August 2015**

**To the Global Yachting World,
I would like to highly recommend to all Captain's in the industry that when cruising through out Indonesia you must work with **Andy Shorten** and his team at **Lighthouse Consultancy**. They will only provide the highest standard of service meeting and exceeding all of your cruising needs.**

Lighthouse Consultancy can provide the most knowledge on cruising areas, itineraries, guides, provisions and the best support network. All of this delivered at a competitive price and an attitude that nothing is too much trouble.

Andy and his team have a sense of urgency in every matter that they assist with whether it is providing local information, provisioning, bunkering, arranging helicopters or remote immigration clearance.

I hope that you also choose to work with Lighthouse Consultancy they are a professional outfit located throughout Indonesia – you will not regret your choice!

**Captain Mac
John Maclellan
Motor Yacht Triple Seven**
