Dear Sir,

On behalf of Motor Yacht Playpen and her owner, I would like to thank the entire team at The Lighthouse Consultancy for their endless assistance and advice provided in Indonesian waters.

Motor Yacht Playpen embarked on an ambitious itinerary, venturing throughout Indonesia over the period of a year and conducting multiple trips. The joy and sights we discovered would not have been possible without the tireless assistance of Mr. Andy Shorten's team. The Lighthouse Consultancy were able to assist with all facets of operations to ensure a successful time for Motor Yacht Playpen. This included but was not limited to; Immigration and Customs, port clearances, supply of emergency spare parts, booking and coordinating charter flights, itinerary/cruising technical advice and development, guide services and most importantly, provisioning! The quality of provisions and flowers that were sourced by the Lighthouse team were truly exemplary!

I could not recommend the Lighthouse Consultancy highly enough for any yacht venturing through the Indonesian archipelago. They make an impossibly challenging and remote destination as stress free as possible.
